INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

	A LANGA NO.	of Transmittal of International Search Report
Applicant's or agent's file reference	FOR FURTHER see Notification (Form PCT/ISA/	220) as well as, where applicable, item 5 below.
NO 7380/WO/PCT International application No.	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)
PCT/EP 03/08745	07/08/2003	04/09/2002
Applicant		
· · · ·		
NESTEC S.A.		
This International Search Report has been according to Article 18. A copy is being tra	n prepared by this International Searching Au ansmitted to the International Bureau.	thority and is transmitted to the applicant
This International Search Report consists It is also accompanied by	of a total of sheets. a copy of each prior art document cited in thi	is report.
Basis of the report		
With regard to the language, the language in which it was filed, un	international search was carried out on the b less otherwise indicated under this item.	
Authority (Rule 23.1(b)).		f the international application furnished to this
b. With regard to any nucleotide ar was carried out on the basis of th	e sequence iisung :	international application, the international search
contained in the internation	onal application in written form.	
1	ernational application in computer readable fo	om.
	this Authority in written form.	
furnished subsequently to	this Authority in computer readble form.	deep and an howard the displacate in the
international application a	bsequently furnished written sequence listing as filed has been furnished.	
the statement that the inf furnished	ormation recorded in computer readable form	n is identical to the written sequence listing has been
2. Certain claims were for	und unsearchable (See Box I).	
3. Unity of invention is lace		
4. With regard to the title,		
	ubmitted by the applicant.	
the text has been establi	shed by this Authority to read as follows:	
5. With regard to the abstract,		
Land the standard cottobil	submitted by the applicant. ished, according to Rule 38.2(b), by this Auth	nority as It appears in Box III. The applicant may,
within one month from tr	ne date of mailing of this international search	report, submit comments to this Authority.
<u> </u>	blished with the abstract is Figure No.	None of the figures.
as suggested by the app		
because the applicant fa		
because this figure bette	er characterizes the invention.	

A. CLASSIFICATION OF SUBJECT MATTER TPC 7 C11B1/10 C11B1 A23K1/16 A23C

A23D9/00

C12P7/64

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC 7 C11B A23D C12P A23L A23K A23C

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal, WPI Data, PAJ, FSTA, BIOSIS, MEDLINE
